

7 PROCEDURE: EXCLUSION OF SICK OR INFECTIOUS STAFF

Aim

To minimise the spread of infectious disease.
ECC Regs 28 (1) (2) (3) (4) (5) and 29

7.1 Guidelines

- 7.2.1 The Managing Teacher (or if unavailable the Teacher responsible) is responsible for ensuring that all staff at the centre are in good health and not suffering from any infectious disease. If the Managing Teacher believes that any person on the premises has a contagious disease or other condition likely to have a detrimental effect on the children, then that person will be asked to leave the premises.
- 7.2.2 In the case of staff, their absence will count against sick leave entitlement.
- 7.2.3 In an outbreak of an infectious disease, staff will be encouraged to take preventative inoculations/antibiotics at the schools expense.
